

De-authorising a NUGEN Audio plug-in

You will need to be online to re-credit your NUGEN Audio account

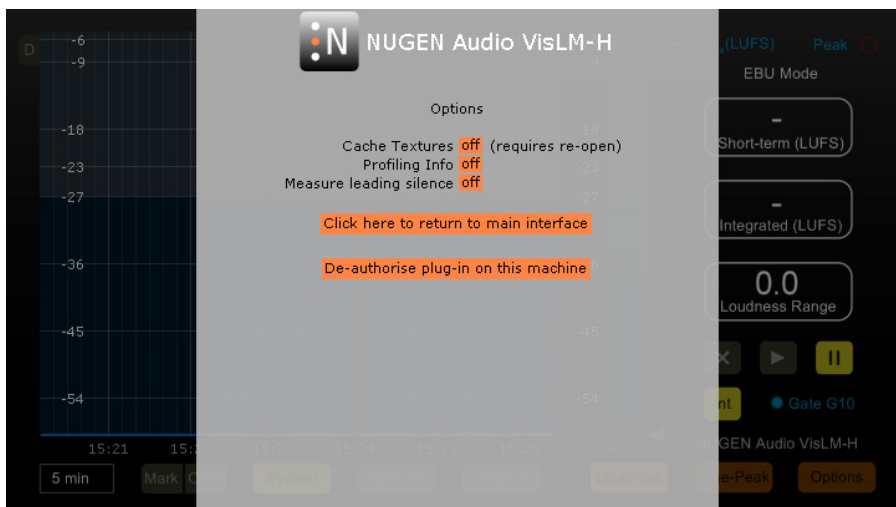

1. Open the Plug-in in your DAW
2. Click the words 'NUGEN Audio' in the Plug-in interface.

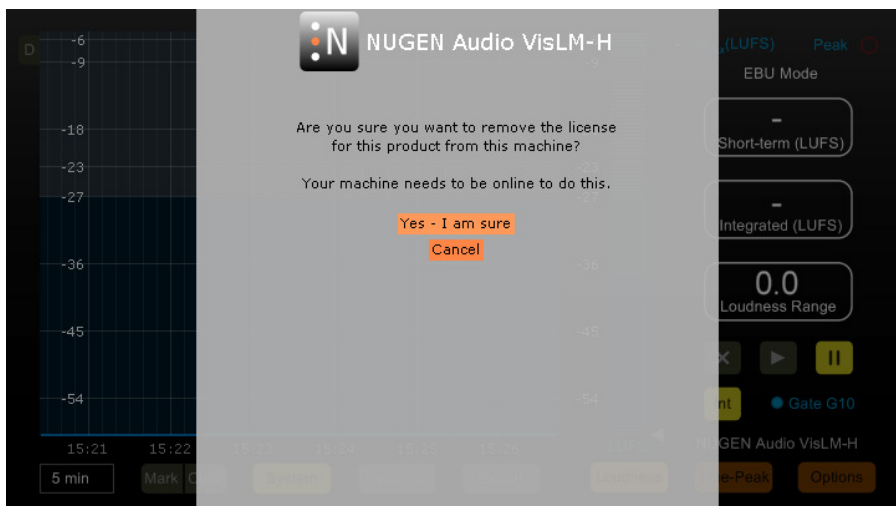

3. This will open the credits window. Click 'options' to open the options window

4. Click 'de-authorise plug-in on this machine'

5. Click 'Yes - am sure'

6. Your plug-in will then proceed to de-authorise and your account will be re-credited with an additional use.
